OUR STORY

"WHY WE DO WHAT WE DO"

We're Jules and Jeremy, 2 lifelong friends with a common passion for putting a smile on people's faces. After a whole lot of soulsearching, we discovered that the key to making people happy is through their stomachs (duh). That's why we decided to build a food truck, so we can deliver custom-made happiness to your doorstep.

When we're not flipping omelets, you'll find us planning our next adventure. We strongly believe in travel, good food, great friends and broadened horizons.
